AUCTIONEERS' NOTE

RG & RB Williams Chartered Surveyors have been favoured with instructions from Mr & Mrs Andrews to conduct this Genuine Farm Dispersal Sale following the sale of Baynhams Farm, Ledbury.

The Andrews family have farmed Baynhams Farm since the 1980s, establishing a highly respected farming enterprise based upon quality livestock, sound husbandry and meticulous attention to detail. This same level of care has extended to the machinery and equipment offered for sale.

The catalogue comprises an outstanding selection of tractors, machinery and equipment, virtually all of which was purchased new by the Andrews family, with only a small number of items having been acquired as second-hand purchases. Every item has been used solely within the farming business at Baynhams Farm.

The tractors have been routinely serviced and maintained throughout their working lives, whilst the machinery and implements have been stored under cover, ensuring they remain in exceptional condition. Prospective purchasers can therefore bid with confidence, knowing that the equipment has been cared for to the highest standards and represents genuine private farm machinery rather than trade stock.

This is a true dispersal sale, with all items entered because of the sale of Baynhams Farm. Opportunities to purchase machinery of this calibre and provenance are becoming increasingly rare, and we anticipate considerable interest from farmers, contractors and machinery dealers alike.

The Auctioneers and the Andrews family extend a warm welcome to all purchasers and wish everyone a safe journey and an enjoyable day's bidding
