Farm Sale Foreword

RG & RB Williams Chartered Surveyors and Williams Associates have been favoured with joint instructions from Andrew and Vivian Collins to conduct this genuine Farm Dispersal Sale of machinery and equipment following the sale of Upper Kathlea Farm, Llangattock Lingoed, Abergavenny.

For many years, Andrew and Vivian have operated a highly respected and successful farming business from Upper Kathlea Farm, becoming particularly well known throughout the region for their Bull Hire Business and the quality of their livestock. Their commitment to high standards of stockmanship has been matched by the quality of the machinery and equipment used to support the enterprise.

The catalogue offers an outstanding selection of genuine farm machinery and equipment, much of which was purchased new by the Collins family and has only ever been used within their own farming operation. Throughout its working life, the machinery has been housed indoors wherever possible, meticulously maintained and regularly serviced, reflecting the pride Andrew and Vivian have always taken in their business.

Prospective purchasers can therefore bid with confidence, knowing that the equipment has been carefully looked after and maintained to a high standard.

Whilst this sale presents an excellent opportunity to acquire quality machinery with an honest provenance, it also marks the end of an era for the Collins family. After many years of dedicated farming and serving the local agricultural community, this dispersal represents the closing chapter of a lifetime's work at Upper Kathlea Farm.

We hope you will join us in supporting Andrew and Vivian on what will undoubtedly be an emotional occasion, and we wish them every success and happiness for the future.
